

LALIT KUMAR

Full Stack Developer & AI/ML Engineer

Final-year B.Tech CSE (AI & Data Science) | Poornima University, Jaipur (CGPA 8.7)

CONTACT

GitHub: github.com/codeby-Lalit | LinkedIn: linkedin.com/in/lalit-kushwaha-dev

Email: L4kushwaha@gmail.com | LeetCode: leetcode.com/u/lalit__kushwaha

Portfolio: hey-elegant.github.io

SKILLS

Languages: TypeScript, JavaScript, Python, Java, C++

Frontend: React, Next.js, Tailwind, Three.js, GSAP

Backend: Node.js, Express, FastAPI, PostgreSQL, Redis

ML / AI: PyTorch, TensorFlow, OpenCV, HuggingFace

Tooling: Git, Docker, Firebase, Vercel, GitHub Pages

PROJECTS

BGMI Marketplace (2026) - Full-stack microservices marketplace for BGMI IDs: UPI escrow, real-time buyer-seller chat, admin panel.

Tech: Next.js, Node.js, API gateway, WebSockets -- bgmi-frontend.vercel.app

Facial Emotion Recognition (2025) - VGG-style CNN (1.5M params) on FER2013; classifies 7 emotions, ~62-65% validation accuracy.

Tech: TensorFlow/Keras, OpenCV -- github.com/hey-elegant/Face-Intelligence-Project

Age & Gender Prediction (2025) - End-to-end pandas + CNN notebook for age/gender with emotion-aware prediction.

Velox Manuscript Engine (2023, HackNIMA 2026) - Offline DOCX formatting engine: heading/caption classification, publisher extraction.

Tech: Python, React -- github.com/codeby-Lalit/velox

Weather App (2024) - Zero-build client-side weather app: current conditions, 5-day forecast via OpenWeatherMap API.

Stable Diffusion Image Gen (2024) - Gradio app on SD 1.5, 5 schedulers, auto GPU/CPU detection.

EDUCATION

B.Tech CSE - Artificial Intelligence & Data Science (2023-present)

Poornima University, Jaipur - CGPA 8.7

Class XII (2022) - 93% | Class X (2020) - 85%
